

THE 4TH ANNUAL
SOUTHERN
EXCHANGE

Saturday 1 pm

MAY 9 2009

at the Three Trees Ranch

Bluegrass Sales Center, Georgetown, Kentucky

Welcome to the fourth Southern Exchange Sale during the second week-end in May. The group of cattle included in this offering represent a diverse display of the breed's best from some of North America's most dedicated Limousin breeders. The only criteria for their sale was quality... no criteria for percentage or color. In the offering, the genetic profile ranges from Lim-Flex 25 to Fullblood; from homozygous polled to horned; from spring baby calves to mature donor females. The only common denominator of the entire group is the quality of the group.

It is a difficult task to find cattle in the industry that compare to the genetics that are offered May 9. Many of the breed's foundation sires and dams are represented through their progeny and descendants. The proof is in the printed data and pedigree notoriety.

Come be with us at the Three Trees Sale Facility in Georgetown, Kentucky and enjoy the gracious hospitality courtesy of the consignors. Take advantage of the opportunity to obtain some of the breed's most advanced Limousin genetics in North America from some of the breed's finest folks.

Let me know if I can be of assistance.

**CTCA
BUCKEYE BULL
8261U**

**Semen
SHARES**

CTCA Buckeye Bull 8261U is a unique individual and an impressive herd sire. It is difficult to breed cattle with phenomenal eye-appeal coupled with trait-leading EPDS. With this individual, both are accomplished. The outcross sire is a perfect genetic combination for any and all females related to the GPFf Blaque Rulon and JCL Lodestar 27L lines. He is marriageable to most any line within the breed.

THE SOUTHERN EXCHANGE

JLWM BLACK PABLO 7223T

JLWM Black Pablo is the herd sire offered by JP's Lee Hill Farms. The son of KRVN Pablo 011P combines the blood of the GPFF Blaque Rulon line and the JCL Lodestar 27L Lineage. He is the perfect answer for a calving ease sire. The Lee Hill Farms program has been built around highly proven genetics such as the ones offered with this substantial herd sire prospect.

Lenape RED BANDIT

Lenape Red Bandit is a homozygous polled fullblood herd sire of the highest degree. He is from the Lenape ET program from one of the breed's most noted polled fullblood individuals.

Lenape Polled Liberty has sired some of the most appreciated Limousin breeding stock in the industry. The polled sire made a valuable impact on the Edgemont, Lenape and Glendenning programs and now resides at Fisher Limousin.

ANLC 10H was one of the top selling females in the historic Andrews Dispersal. She is one of the cornerstone donor females at Lenape Limousin-and certainly one of the most fertile and highest maternal females in the industry.

The thickness combinations with maternal traits make this one of the excellent homozygous polled individuals to be offered this year.

**JLWM
BELL PEPPER
8148U**

JLWM Bell Pepper 8148U is one of the greatest of all the GPF Blaue Rulon daughters to sell. This is the first offering of this mating and she has a spectacular pedigree and future. JLWM Bell Pepper 8148U is from a long line of the very best genetically-backed seedstock created in the JP's Lee Hill program.

WBBK Red Pepper 2009M is one of the dominant sources of maternal superiority in the entire beef industry. She is one of the top Limousin females for milking ability registered at NALF, and her offspring and produce are among the most highly sought in the breed.

JLWM Bell Pepper 8148U is one of the very best show heifer prospects available in the breed.

**JSV GPF
IRRESTIBLE**

Irresistible is one of the fanciest May Lim-Flex show heifer prospects to sell this spring. From the Van Horn program, this May baby has the potential of competing in the steepest of competition in the country.

TINY Makita is the popular Rulon-sired herd sire from the familiar family founded by KSLC Black Onyx. Pregnancies from this good line have found their way into the best programs in the country. A full sister to TINY Makita was one of the top-selling lots in 2008 The Crossing Sale and was purchased by Justice Farms.

JSV GPF Irresistible is one of the great ones bred in the highly respected Van Horn program and she is offered through the Southern Exchange.

This Lim-Flex female has tremendous EPDs, performance and milk. She is from a good Angus female sired by Rockn D Ambush and sired by the senior herd sire, EXLR Maximus 610M. The heifer calf at side by IVLS Top Criteria 8862P is a beautiful Lim-Flex heifer baby. The "convenience" factors of IVLS Top Criteria add even more fail-safe value to this great pair.

the most significant producers in the Fisher program.

These four double polled fullblood heifer calves that sell are by EAFF Polled Platinum 515N, the son of MINE Gold Medal 436G. The calving ease bull is siring problem-free progeny born easily and light at birth. They are a perfect compliment to the daughters of EAFF Medallion 462M.

With these four lots, a perfect profile of the excellence being produced at Fisher Limousin is displayed. The polled trait for fullblood Limousin is perfected through the blood of these excellent two year old females with their first calves.

HB Pudge 708T is a unique female by Wulf's Nobel Prize 3861N. She is from the EXLR Pudge 207L family that has time and time again produced some of the top individuals from the HB program. The Lim-Flex cow family is well-documented as the perfect combination for main stream seedstock production for the industry. Superb milk production is apparent in this exceptional cow family. Milking ability and marbling are pushed further to the apex of the industry with this female lot. HB Pudge 708T is a maternal sister to EXLR Nacho, the homozygous black son of RADS Black Prodigy.

BLEL Casual 644S is an impressive female from HB Farms. The genetic strength of this female offers rare and powerful blood to the breed. The EPDs of these females are quite phenomenal for Lim-Flex seedstock and are the results of two powerful individuals.

BR Midland is one of the most popular Angus sires in the industry. His progeny have topped virtually every sale in the Angus industry, and his offspring have climbed to the top in national competition.

EXLR 412J is one of the most popular daughters of EXLR Dakota in the breed. She ranks in the top 1% of the breed for weaning and yearling weight EPD. She also ranks in the top 10% of the breed for milking ability.

Two full sisters were the top selling individuals in the 2007 Southern Exchange.

Three young females from the HB/ Hicks program offer great genetic strength for the sale. The females, all polled or homozygous polled, are among the nicest in the industry. Breed-leading EPDs for performance are obviously obtained within the pedigree.

Dams of these females are equally as impressive and they possess the pedigree depth and EPD stacking of the breed's best.

HB Queen Bee 784T is sired by the HB senior herd sire, EXLR Nobelman 593N. She is from a high-performing daughter of IVLS Polled Black Jack.

OAKM SUPER STARLET 626X

PE 8/15/08-1/15/09 to BEMS Yukon

Jupiter Star's Pride has as much earning power and financial return as any fullblood female in the sale. She is deep bodied and broody female from the Fisher program. This differently derived and solidly bred female has the solid lineage for a great cow.

EAFF
RAVISHING
439M

EAFF Ravishing is a daughter of the deceased SOGF Orion Dove 398C. This cow line was one of the first significant donor females selected for the Eastfield ET program. SOGF Orion Dove 398C was the top-selling female from the NP Dispersal. EAFF Ravishing 439M ranks in the very top apex of the breed for weaning, yearling and milking ability. The female holds a great spread between birth and yearling EPDs.

SIRE OF LOTS 66 - 68

Logan's 350U is an exceptional Lim Flex herd sire from Logan Hills. Sired by the Angus sire Morgan's Direction, the bull has tremendous EPD data and impressive actual performance statistics. His dam is rich in maternal strength which contributes to his breed-leading figures. This herd sire is ready for moderate service at sale time.

A new buyer for your Limousin-influenced calves.
