**R&R
Marketing Company**

Dear Limousin Breeders and Enthusiasts,

On behalf of Randy Ratliff and R & R Marketing Company and Hayhook Ranches we all welcome you to this 2nd Annual Limousin and Limflex Production Sale. Hayhook Ranches owners, Edna Manning and Judy Bugher along with manager, J.W. Snyder, are excited about this year's sale line-up and all that it offers. Their first ever sale was last year and was one of the finest sales in our breed in 2008. They have spent countless resources, time and much effort getting ready for this upcoming event and they proudly open the gates to their ranch and welcome you to this prestigious sale.

The Hayhook Ranches program is one of the longest running with one of the largest purebred and Limflex herds in our entire breed. They have been major suppliers and breeders of quality Limousin seedstock for many, many years and the never ending quest for creating the best will continue. They have built their business on customer satisfaction and taking care of the customers. This year will be no different.

The first ever progeny featuring their leading double homozygous sire MAGS Twain will be highlighted in this sale along with the service to the strong bull battery they now have. Among them is the newly crowned grand champion Limouin bull at the 2009 All American Futurity, CLLL HAHK The Apprentice. He dominated the Futurity show and now you can have a chance at investing in this young double homozygous son of MNWS Frontier.

If anyone involved in the sale can be of any assistance we urge you to call. We live and breathe Limousin cattle and it is for certain we can't wait to show you what is waiting on September 20th for your appraisal.

Sincerely yours,
Randy Ratliff

*Come buy from one of the largest and longest running
Limousin programs in the country.*

- 2009 All American Futurity Champion Limousin Bull and the leading herd sire for Hayhook Ranches and Magness Land & Cattle Co., Platteville, CO. This young eye appealing son of MNWS Frontier is double homozygous and one of the great herd sires for these two leading programs. He is massive in his foot size, soft in his pasterns and very easy in his movement. This herd sire is super long and clean up through his front end and very strong topped and eye appealing. He has an extreme amount of muscle and is backed with a ton of performance. If you have a set of cows that need some more bone, extra muscle and thickness, then we urge you to consider the genetics of this herd sire prospect.

• BW: 87 lbs.; Adj. WW: 844 lbs.

• This homozygous black heifer is huge numbered and one of the really well bred open heifers in the entire sale. She stems from the leading donor, MAGS Paint Job 506P, a daughter of the high marbling sire JCL Baxter. This young heifer is sired by the leading syndicated sire MAGS Twain, a son of AUTO Dollar General.

LOT 6 HAHK Una Chica 093U

- **Selling half interest only.**
- Homozygous black and we are certain one of the finest we have ever raised at Hayhook Ranches is Una Chica. She is a 50% Limflex daughter of BR Midland that stems from the heart of the Hayhook aggressive Limflex program. She is not only perfect in her profile and design but she has a great set of numbers to back her. She has a 92 for yearling weight, 20 for milk and 0.38 for marbling. Her MTI number is a 55 and with all that combined with her flawless design we are certain you will like this heifer as much as we do.

PICK of the FLUSH

- You the buyer will now have the chance to select from this entire flush of three heifers! They are the direct result of the mating of BR Midland, the Angus breed's most prominent sire. There is something magical about the mating of BR Midland with purebred Limousin females, the results always seem to be astounding and in this instance I think you will agree that something magical has happened. The Hayhook Ranches donor, MAGS Sarafina is a leading daughter of EXLR Excellante 251L that is big footed, sound in her structure and very eye appealing. Their epd's are amazing with a 0.2 for birth, 91 for yearling weight, 26 for milk and 0.41 for marbling. They also have a 57 for MTTI and their conformation and design are something worth bragging about. Good luck to the new owner on their selection and we can't wait to show them to you on sale day.

• Due by sale to EXLR Pacesetter 025T.

- This JCL Lodestar 27L heifer is double homozygous and sired by the marbling and multiple trait leading sire. She is extremely deep bodied and very maternal in her make-up. We love the epd number package and the overall balance that she possesses. She sells bred to the Midland grandson and popular show bull, EXLR Pacesetter 025T.

• Due 10.18.09 to DHVO Deuce.

- This Lim-Flex female is sired by the consistent producing BR Midland and out of the great LVLS Rebecca cow. 1018S is a three year old that has great EPD's combining moderate to low birthweight, high performance and a .39 for marbling. If your program demands predictability and performance then Rebecca may just be the one for you.

- WOW! Here is a tremendous homozygous black and homozygous polled female that is amazing to look at. She is sired by the great producing LH Rodemaster and out of a stout GPPF Blaque Rulon female. She combines great EPD's with exceptional rib shape and depth, plenty of bone and a big foot. Unity is a sure sale highlight and one that is sure to catch your attention on sale day. Her dam is one of the lead donors for Twin Willows Farm, Springfield, MO where she is big footed, sound and very moderate in her frame.
