LIMOUSIN AND LIM-FLEX SALE

"Designed for the Future"

FRIDAY, SEPTEMBER 25, 2009 - 5 P.M.

Green Springs Bull Test Facility | Nevada, Missouri

Good Times ~ Great People ~ Real World Cattle

EDGE *Livestock*

Joel Edge | 319/540-1731
edgelivestock@yahoo.com

Welcome to the Second "On the Mark" Sale. This is an outstanding set of cattle anchored by committed consignors who have once again dug deep into their herds and are simply bringing their best to this sale. They have graciously opened the gates and held nothing back. This is an awesome set of cattle!

Cole Abele and his father Kent make their living in the beef business and are proud hosts of this sale at their successful Green Springs Bull Test Center. These people raise cattle that work in the real world and have spent a lifetime perfecting it. Once again we will have guest consignments from Jones and Benson, 4-H Limousin, B&B Cattle Company, D Bar L Angus, and Graven Land and Cattle. Combined with new consignors Linhart Limousin from Iowa this set of consignors is committed to the business!

Make special note that there is something for everyone in this offering: open show heifers, bred females, pairs, embryos, commercial cattle and some Sim Angus heifers that are very good. You will have the opportunity to buy good cattle from great folks and enjoy yourself at the same time when you join us on Friday evening. Come early and stay late and be sure to join us for supper at 4:00. The sale will begin promptly at 5:00 and we will walk and trade, be sure to join us, you will be glad you did!

Thank you for your consideration and please call if we can be of any assistance!

Sincerely,

Joel Edge, Sale Manager

1830 Hayes Avenue | West Branch, IA 52358

On the MARK

LIMOUSIN AND LIM-FLEX SALE

"Designed for the Future"

FRIDAY, SEPTEMBER 25, 2009 - 5 P.M.

Green Springs Bull Test Facility | Nevada, Missouri

Hosted by Abele Cattle Co.

DIRECTIONS TO SALE:

From Hwy. 71: Got to Nevada, Missouri, take Camp Clark exit, go east and follow road past Camp Clark south 1-1/2 miles to curve to K Hwy. East on K Hwy. six miles to Green Springs sign. Left (north) 1-1/4 miles on gravel to sale facility.

From Hwy 54: East of Nevada or nine miles west of El Dorado Springs to K Hwy. Take K Hwy. South five miles (go around five "S" curves). Turn right (north) at Green Springs sign 1-1/4 miles on gravel to sale facility.

MOTELS:

Super 8, Nevada, MO 417/667-8888
 Days Inn, Nevada, MO 417/667-6777
 Country Inn & Suites, Nevada, MO 417/667-9292

TRUCKING:

We realize the high costs of fuel presents a problem for some who are a distance from Nevada, Missouri. However, we will do everything within our power to make delivery as problem free and economical as possible. We will have reliable haulers who will handle your purchases as if they were their own. We will also pro-rate those loads according to total number bought and mileage. For more information, contact sale manager Joel Edge (319) 540-1731.

SALE DAY PHONES:

Joel Edge 319/540-1731

What an awesome heifer calf that is destined to become an incredible cow. Deep, soggy, and bold sprung Nathan Hunt acquired the donor dam of these two heifer calves from Full Circle several years ago and she has proven to be a great one! This is what a great LimFlex heifer needs to be! Pick and choose between her and her full sister, Lot 1A!

CONSIGNED BY B&B CATTLE CO, ABELE CATTLE CO & LINHART LIMOUSIN Selling a flush to the bull of the buyers choice. Guarantee of five embryos with a cap of ten. Buyer picks the bull and pays the flush expenses. One of the most competitive show heifers in the Linhart string last year and this year as a Senior Yearling is this female. Loaded with muscle, great balance, and a huge, square hip she would work a lot of ways. This is a golden opportunity for the most serious breeder!

Great cow kind all the way here this is a great female out of Cowtown who has bred past our expectations. Super deep, angular, big footed and bold ribbed. You will love the flank and capacity in this awesome heifer calf. Bottom side is also good with the \$202,000 Midland and the great female sire Lucys Boy. Smooth shouldered, good fronted and full of promise!

Five embryos sired by SAV Net Worth out of LVLS 7428L. 7428L is the dam of LVLS Wolf Track and a great individual in her own right. She has become a leading donor in the Linhart program. Extremely massive and loaded with power, rib, and internal dimension. It takes powerful cows to make great donors! Mated with the ever consistent Net Worth we feel this mating is a no brainer if you like volume, muscle, and power!

Finding semen on 6807 is a challenge, getting four units to flush with
is priceless! He has proven to be one of the legendary sires to transmit
muscle, structure, and fleshing ability in one package. He is problem free!

Another calving ease bull that has bred beyond our expectations. He will add body, fleshing ability and soundness all in one shot. We really feel he is one of the bulls in the breed that should be used more. We have a lot of faith in the daughters and cannot wait to have them in production.

PERF DATA

We used him on heifers and cows alike and are very happy with the results. We love the pedigree on this bull and really think he will improve some hybrid cattle that need fertility, body, and longevity.

TERMS & CONDITIONS

IDENTIFICATION OF ANIMALS: (1) Each animal sold will have a readable tattoo corresponding to its registration paper. (2) Seller agrees to check all tattoos for accuracy prior to the sale. The buyer has the responsibility for rechecking the tattoos after taking possession and reporting any discrepancies to the seller immediately. (3) All animals to be sold will be identified by their official registration number, their tattoo and their registered name. If nicknames are used, they should be in addition to the other information. (4) The NALF board recommends that when any animal is sold, there is complete disclosure of any retained genetics in the form of pregnant recipients, frozen embryos or frozen semen.

REGISTRATION CERTIFICATES: (1) The seller of the animal will submit the original registration certificate with transfer information or an application for registration with transfer information on it so that a certificate can be produced by the Foundation and transferred to the new buyer. The seller must sign the back of the certificate on the application to authorize the transfer. (2) It is the responsibility of the seller to provide the North American Limousin Foundation with the buyer's complete name, address and membership number (if available) so that we can complete the transfer. It is important that the membership number be given if the buyer is already a member of NALF. (3) It is the seller's responsibility to provide the certificate or application, and transfer information to NALF within 60 days following the date of sale, and pay transfer and registration fees.

TERMS: (1) Terms of all sales are considered to be cash unless credit arrangements have been made prior to the sale between the buyer and the seller.

HEALTH: (1) On all animals sold, health tests will be announced at the sale or printed in the sale catalog. It is understood that health papers reflect the condition of the animal at the time of the sale but carry no further guarantee as to the future health of the animal. (2) Buyers having special health requests or who wish to take cattle into states with specific and rigid health regulations should inquire specifically about the health tests required for entry into their state. (3) All females sold are considered to be calfhood vaccinated for Brucellosis unless they are otherwise stated in the catalog or announced from the block. It is suggested that verification of vaccination be written on the health certificate.

PURCHASER'S RISK: Each animal becomes the risk of the purchaser as soon as sold. It shall be the obligation of the purchaser to see that trucking of the animal and care of the animal are taken care of prior to leaving the sale location.

ANNOUNCEMENTS: (1) Any change from the information that is printed in the catalog will be announced from the auction block. (2) All announcements made from the auction block take precedence over the printed catalog. (3) Catalogued lots not selling will be announced prior to the sale.

BREEDING GUARANTEE: (1) All animals are guaranteed to be breeders with the exception of: a. calves under twelve months of age; b. in the event of any injury or disease that occurs to the calf after sale or; c. gross negligence or willful misconduct on the part of the purchaser; d. females used in embryo transplant. (2) Bulls are guaranteed to be breeders at the time of sale or at 16 months of age if they are younger than 16 months at time of sale. Any bull which either settles cows by natural service and/or passes a fertility test made by a competent veterinarian is considered to be fertile. Any guarantee with respect to the ability to freeze semen shall be a separate agreement between buyer and seller. (3) Females sold as safe in calf have been exam-

ined by a competent veterinarian or other reproductive technician and are so guaranteed to be with calf. Cows with calf at side are considered breeders as indicated by the calf at side. (4) Any guarantee with respect to embryo transplant production shall be a separate agreement between buyer and seller.

OPTION AND PRIVILEGE OF RETURN OR ADJUSTMENT: (1) All claims for adjustments or refunds must be made in writing either within six months of the date of the sale or no later than six months after the animal reaches 18 months of age, whichever occurs last. (2) In the event that an animal is claimed to be a non-breeder, that animal must be returned to the farm of the seller in good condition and must have met the health requirements of the original sell state. The seller shall be entitled to six months trial following the return of the animal in which to prove the animal is a breeder, the seller shall, at the option of the buyer, replace the animal with another of equal value or refund the total purchase price. The return of the purchase price shall in all cases be deemed as full settlement.

Any expense incurred in transporting the animal that is claimed to be a non-breeder shall be the responsibility of the purchaser except that the seller shall be responsible for transportation costs in the excess of the distance between the purchaser's farm and the location of the sale. If the seller proves the animal to be a breeder, it shall be the obligation of the purchaser to take delivery of the animal and pay all expenses incurred for transportation. (3) It is the obligation of the buyer and seller to negotiate any settlements on cattle that have not been properly presented at a sale. The selling of an animal constitutes a contract between buyer and sell and is not the responsibility or the right of the North American Limousin Foundation or of the sale management firm to settle disagreements between buyers and sellers of cattle that have not been properly presented.

The return of an animal at the expense of the purchaser with a refund of the purchase price made by the seller is in all cases considered to be a complete settlement. Other settlements which are negotiated between buyer and seller may be equitable to cover instances in which cattle are not as represented sale day, but that does not warrant complete return of the animal.

BLOOD TYPING FOR PARENTAGE VERIFICATION: All animals sold are guaranteed to be offspring of their recorded parents. Under the rules of NALF, all bulls born after January 1, 1991 that are to be used for artificial insemination or used naturally in a herd other than the owner of record must be parent verified by blood typing to both sire and dam. All females born after July 1, 1987 that are to be used for embryo transplant and all bulls born between July 1, 1987 and December 31, 1990 that are to be used for artificial insemination or used naturally in a herd other than the owner of record must be sire verified through blood samples available to purchasers upon written request by the purchasers so long as written request is received by sellers within 60 days after the date of the sale of the applicable animal. Proto test guaranteed normal if done within 60 days of sale date.

INSURANCE: Anyone wishing to insure their purchases may do so by contacting the sale manager or settling clerk.

MAIL BIDS: Mailed or telephoned bids will be handled in a most confidential manner if you are unable to attend the sale personally. By contacting a representative of the sale staff prior to sale day, you will enable us to assist you at ringside on sale day.
