COMPLETE DISPERSAL

December 6, 2009 at the farm Burbank, Ohio

Circle L Limousin Land Co., Inc.

4309 West Sterling Rd., Burbank, Ohio 44214 • 330-624-2655
Robert & Phyllis Leatherman, Owners
Larry Landis, Manager 330-352-1845
info@circlelcattle.com • www.circlelcattle.com

Welcome

Phyllis and I welcome you to our Dispersal Sale on Saturday, December 6, 2009. This year marks the twenty-fifth anniversary of us breeding Limousin Cattle, and reluctantly, it is time to say good-bye to our Limousin herd. Even the Good Book says there is "a time to plant and a time to pluck up...". Having 'planted' for twenty-five years in the Limousin breed, it is time to do some 'plucking'. We are looking forward to spending even more time in our retirement home surrounded with our family and friends.

Even though we are saying good-bye to our Limousin herd, we are looking forward to seeing many of our old Limousin friends on sale day and welcome new ones into the breed. We will never forget the people we have met through this business endeavor, and we have enjoyed the friendships and relationships as much as we have our Limousin cattle.

It is amazing to us to witness the amount of genetic progress that has been made over this past quarter decade. In comparison, the Limousin and Lim-Flex you will see on sale day are vividly different from our early herd. They are predominantly polled and black, the performance is much better, the milk production greater and their efficiency is strikingly improved. Some are accomplished in the show ring and all are some of the best seedstock we have ever bred or purchased. We are happy with the twenty-five years of improvement.

Throughout our time as Limousin breeders, we have been blessed with some good staff members working at the farm. We sincerely thank past employees both past and present. We have taken special pride in following the careers of these individuals who contributed to our success over these years.

We would also like to thank our fellow Limousin breeders, partners and competitors who have encouraged and/or forced us to work harder and improve faster. We will leave the Limousin business with the good feeling of creating seedstock that improve acceptance and reliability of Limousin. There is a great opportunity to create and sustain wealth with Limousin Cattle and we wish all of you well in your own personal pursuit of Limousin success.

We certainly hope you can be with us on December 6 to celebrate twenty-five years of breeding Limousin at Circle L. If any of us here can be of any help in answering any questions concerning the cattle please feel free to call on us.

Sincerely,

Bob Leatherman

Schedule of Events:

Dear Limousin Breeders...

Bob and Phyllis Leatherman started breeding Limousin cattle on their beautiful Ohio farm some twenty-five years back. From the start, Circle L built the unique breeding establishment on quality cattle, sound management skill and well-laid plans for the future.

The genetics assembled for their breeding herd came from some of the most established programs and respected cow families in North America. Each and every female was specifically and accurately mated to the leading sires of our industry. The breeding herd has continuously increased to be one of the leaders in the eastern part of the United States.

The Circle L breeding herd is a most unique and valued asset to the Limousin breed. Selected individuals of any number from one to 100 can dramatically influence one's herd in a most profound way. Do take them time to evaluate and appraise the offering in this catalog to realize the many ways these cattle may enhance the quality of your herd. Herd sires, donors, production pairs, embryo progeny, pregnant recipients, frozen embryos all can make a big difference in your future.

It saddens me to see such a dynamic breeding program be scattered into so many different parts of the country in so many different herd. But, this genetic dispersion can elevate the entire breed to an even stronger and better level of acceptance.

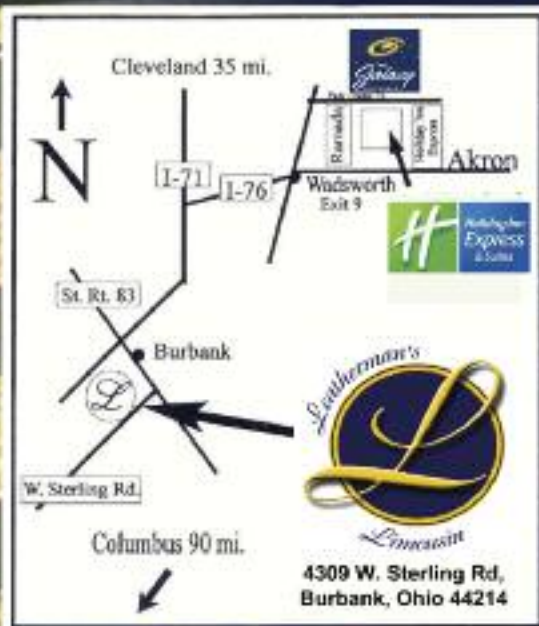

I will be in Burbank the entire week prior to the sale. If you need to contact me, feel free to call anytime. Please make every attempt to be with us for the Circle L Dispersal. You will be happy you were there.

Sincerely,

Keith Kissee

Terms & Conditions

Circle L Limousin & Land Co. Inc guarantees all information in this catalog, as modified by announcements and supplements on sale day. Since this is a dispersal, we make no other guarantees or warranties, expressed or implied. All cattle have been pregnancy checked by a competent veterinarian and are called safe to the AI or pasture exposure dates as can be determined by advanced palpation. In respect to AI dates, they are not unconditionally guaranteed, other than the fact they are safe in calf.

EPD Information

Please note the EPD's may change from the time the catalog is printed until the registration papers are transferred.

Sale Day Phone 330.624.2655 or 817.821.6263

Announcements

Announcements at the sale by the owners, auctioneer or sale management will take precedence over statements in the sale catalog

Trucking

Reliable truckers will be available or contact us to assist in making arrangements for shipping

Load Out

Loadout will commence upon the conclusion of the sale

Embryos & Semen

Embryos and most semen are stored at the farm. Following the sale, all embryos and semen will be shipped to Grass Roots Genetics for distribution. Circle L will release embryos and semen to be shipped at the buyers expense.

Co-owned with Elmwood Limousin

Over a short period of time, KAJO Responder 120R has become one of the best breeding sires in North America. The remarkable sire is credited with some of the breed's most noted individuals that are accomplished and competitive in shows at all levels. The bulls are rugged, with big testicles and are aggressive breeders. The females are fertile, heavy milking and problem-free mothers. All have easy-going dispositions. KAJO Responder 120R is one of the best proven herd sires to be offered in years. The dominant cow family in which he was born, continues to be the dominant cow family in the Elmwood program. It takes years to breed and prove a great sire such as KAJO Responder 120R, and he sells in the historic dispersal offering. Several females carry his service.

CLLL Burbank has captivated the imagination of all who have seen him. The yearling herd sire personifies all of the best traits of the breed. He is thickly muscled, sound moving and deep bodied; all encompassed in absolutely fault-free conformation and profile attractiveness. He is genetically designed to be one of the great of all present day Lim-Flex sires, and he is genotypically and phenotypically perfect.

He is from an AI mating of the great breeding sire, MAGS Rejuvenator, the Lim-Flex 50 sire that is working in the stupendous Magness Land and Cattle Co. breeding herd.

His progeny, in addition to CLLL Burbank, pace the breed in performance, eye-appeal and carcass traits. LH Radiant 323R, his dam, is one of the breed's most proven breeding females, and she sells as Lot 3.

LH Radiant 323R is one of premier Lim-Flex females in North America. The daughter of JCL Lodestar 27L is a perfect blend of performance, maternal and carcass traits. The young producing female is flawlessly constructed and she is one of the breed's best Lim-Flex females.

Her sire is the undisputed popular breeding sire that has balanced and trait-leading EPDS and statistics. Her dam is a Vermillion-bred Angus female that has contributed to the exceptional EPD tabulation and producing ability of this great cow.

One of the pillars of the entire Limousin breed is offered with this homozygous polled and homozygous black daughter of JCL Lodestar 27L. The future holds stardom for this female and her extraordinary sons that sells in Lot 2 and 3A.

HC Dynasty 206 is one of the most noted and appreciated females in the breed today. HC Dynasty 206 is absolutely awesome both inside and out, and the outcross female is genetically derived from superior homozygous polled Limousin seedstock. Her impressive EPD tabulation has been built over years based upon her phenomenal track record.

HC Dynasty 206 was bred in the Harley Coleman program, and she is rich in the breed's most proven lineage. The culmination of many years of selective breeding has resulted in this extraordinary cow machine. The blending of present-day appreciated genetics has yielded this impressive female. HC Dynasty 206 is a daughter of the popular breeding sire HC Overtime 756, the son of WULFS Quarterback. The entire pedigree of this female is rich in the most celebrated outcross blood available. The female is capable of producing the next great one from an outcross base for breed-leading seedstock

ELMW GINNIE P58G
Lot 5

ELMW Ginnie P58G is one of the most proven foundation females. Few females have accomplished as much as ELMW Ginnie P58G. Her most illustrious daughter, Carrouels Pina Colada, is the former National Western Grand Champion female. In addition to the one half embryo interest, a daughter, ET pregnancy and embryos sell.

SSS SADIE 6854S

Lot 13

SSTO Sadie 6854S is a spectacular double homozygous donor female of the highest degree. The trait-leading female has exceptional numbers weaning, yearling, milk and marbling, and she is packaged into a beautiful phenotype. SSTO Sadie 6854S is from a great traveler-bred Angus female. Together with the sire and dam, this great young Lim-Flex female has been created. SSTO Sadie 64548S carries the service of the former National Western Grand Champion Bull, EXLR New Generation 071M.

EXLR EXCLUSIVE 045T

Lot 14

EXLR Exclusive 045T is one of the best daughters of LESF Asphalt 9N in existence. The homozygous polled female is one of the most attractive females in the dispersal offering. The former successful show heifer has developed with an extraordinary donor cow. She is a granddaughter of the foundation female LKCC Smith Cattle 418A, who is noted in some of the most respected pedigrees in the industry. EXLR Exclusive 045T is the latest version of the noted 418A cow family.

Co-owned with Magness Land & Cattle Co.

MAGS Song Promoter is one of the greatest of daughters of KRNV Naskar 013N. The impressive donor female is a great young donor female from a strong and impressive maternal background. Every step of the way, MAGS Song Promoter is one of breeding greatness. Her daughter by CLLL Fresh Power 861S is an impressive yearling female. When viewing this female, the breeding excellence of this cow family is even more evident.

MAGS Personal Best and her two daughters by Carrouseles Pure Power make up one of the powerful cow families in the offering. The excellence that is attributed to this family is apparent, and the track record is hard to beat in terms of fertility, performance, and eye-appeal. Entire breeding programs may be built around this noted family line.

CLLL SAHARA 49T
Lot 23

This Lim-Flex cow family is from some of the most respected in the industry. The Angus dam was one of the top Angus females that made their way to Circle L through the Valley View Land & Cattle Co. purchase. The daughter of VDAR Lucy's Boy has contributed greatly to the quality of the Circle L program. Daughters, pregnancies and embryos are a part of this cow family offering.

The DVFC Broken Lance cow family is one of the superb and the significant genetic contributions to the Limousin industry. Each and every mating has resulted in superior seedstock and the entire cow family has emerged as one of the very best in the offering. Many show ring champions are now a part of this cow family and the future of the breed is in good hands with the genetics that are represented here.

The JSV Sahara cow family has a remarkable past and promising future. The daughter of GPFF Blaque Rulon was a popular and consistent show heifer, and she became a phenomenal source of genetic perfection. Her progeny have competed favorably in the Van Horn program and the females selling in this cow family by Wulf's Nobel Prize are of exceptional kind and quality. This is one of the great cow families in this dispersal.

RAY COPE

AUTO CHRISTY 8889R
 Dam of Lot 33, 34, 35, & 36

One of the strong Lim-Flex cow families in the industry is the family of Auto Christy 8889R. The daughter of EXAR New Design 3903 is now in the Hayhook program and her embryo progeny sells as lots 33 through 36. These multiple generational Lim-Flex progeny are among the most interesting and complete. The next Lim-Flex Champions may be among this group.

Countless champions and sale-toppers are descendants of Quail Run Black Monica BP. The daughter of JCL Black Out has performed remarkably in embryo transplant and the progeny by MAGS Remote are offered as lots 37 through 39. These full sibs offer the most powerful blood in the breed.

This exceptional cow family traces back to one of the founding females in the Quail Run program, LKCC 280Y.

These two full sisters are amazing Lim-Flex females. The January females are among the most elite in the Circle L program and they are offered as tremendous building blocks for the future.

The females are from a highly productive and attractive Angus donor female. She has transmitted the most fault-free genetics available. The two full sisters are by the former National Western Grand Champion Bull, EXLR New Generation 071M.

CLLL RIATTA 45T
Lot 48

The EXLR Rebeca 140K cow family is one of superior performance and quality. She is one of the top individuals that trace to LVLS Rebeca, one of the all time greats in the breed. The females, pregnancy and embryos represent the latest versions of this great cow family.

LOT 51X - SELLS WITH RECIPIENT DAM #9001 - REG.LIMO

MAGS RISSA 

Dam of Lots 64, 65, 66, 67, 68, 69B & 69C

The progeny, pregnancies and embryos from MAGS RISSA make great family lots for the dispersal. The young heifer calves by AUTO Dollar General 122R make remarkable females for foundation replacement seedstock. The great MAGS RISSA is now a part of the Hayhook Limousin program, and her progeny that sell here are products of the aggressive embryo transplant program.
