Trifecta Semen Package

Trifecta Semen Package

Herd Sire Prospect

### Selling Semen Packages

Deuce was the Grand Champion bull at the 2006 American Royal, Reserve Grand Champion at the 2007 National Western and Grand Champion at the 2007 All-American Limousin Futurity and NAILE in Louisville as well as the 2008 National Western.

A flushmate sister, Ashton, was Grand Champion female at the 2006 American Royal and Reserve Grand Champion at the 2007 National Western.

Their dam, Amy Jo, was Grand Champion at the San Antonio Junior Show in 2004 and a son was Grand Champion Market Steer at San Antonio in 2005. Ace, Deuce and Trey offer pedigree, performance and phenotype backed by strong EPDs and the homozygous traits. Ace, Deuce and Trey more importantly are siring a great set of calves around the country.

Semen packages are available on any combination of the Trifecta sires. Contact any of the owners or marketing team for additional information. Semen packages are 20 units for \$1000.

# Terms & Conditions

**IDENTIFICATION OF ANIMALS:** (1) Each animal sold will have a readable tattoo corresponding to its registration paper. (2) Seller agrees to check all tattoos for accuracy prior to the sale. The buyer has the responsibility for rechecking the tattoos after taking possession and reporting any discrepancies to the seller immediately. (3) All animals to be sold will be identified by their official registration number, their tattoo and their registered name. If nicknames are used, they should be in addition to the other information. (4) The NALF board recommends that when any animal is sold, there is complete disclosure of any retained genetics in the form of pregnant recipients, frozen embryos or frozen semen.

**REGISTRATION CERTIFICATES:** (1) The seller of the animal will submit the original registration certificate with transfer information or an application for registration with transfer information on it so that a certificate can be produced by the Foundation and transferred to the new buyer. The seller must sign the back of the certificate on the application to authorize the transfer. (2) It is the responsibility of the seller to provide the North American Limousin Foundation with the buyer's complete name, address and membership number (if available) so that we can complete the transfer. It is important that the membership number be given if the buyer is already a member of NALF. (3) It is the seller's responsibility to provide the certificate or application, and transfer information to NALF within 60 days following the date of sale, and pay transfer and registration fees.

**TERMS:** (1) Terms of all sales are considered to be cash unless credit arrangements have been made prior to the sale between the buyer and the seller.

**HEALTH:** (1) On all animals sold, health tests will be announced at the sale or printed in the sale catalog. It is understood that health papers reflect the condition of the animal at the time of the sale but carry no further guarantee as to the future health of the animal. (2) Buyers having special health requests or who wish to take cattle into states with specific and rigid health regulations should inquire specifically about the health tests required for entry into their state. (3) All females sold are considered to be calfhood vaccinated for Brucellosis unless they are otherwise stated in the catalog or announced from the block. It is suggested that verification of vaccination be written on the health certificate.

**PURCHASER'S RISK:** Each animal becomes the risk of the purchaser as soon as sold. It shall be the obligation of the purchaser to see that trucking of the animal and care of the animal are taken care of prior to leaving the sale location.

**ANNOUNCEMENTS:** (1) Any change from the information that is printed in the catalog will be announced from the auction block. (2) All announcements made from the auction block take precedence over the printed catalog. (3) Catalogued lots not selling will be announced prior to the sale.

**BREEDING GUARANTEE:** (1) All animals are guaranteed to be breeders with the exception of: a. calves under twelve months of age; b. in the event of any injury or disease that occurs to the calf after sale or; c. gross negligence or willful misconduct on the part of the purchaser; d. females used in embryo transplant. (2) Bulls are guaranteed to be breeders at the time of sale or at 16 months of age if they are younger than 16 months at time of sale. Any bull which either settles cows by natural service and/or passes a fertility test made by a competent veterinarian is considered to be fertile. Any guarantee with respect to the ability to freeze semen shall be a separate agreement between buyer and seller. (3) Females sold as safe in calf have been examined by a competent veterinarian or other reproductive technician and are so guaranteed to be with

calf. Cows with calf at side are considered breeders as indicated by the calf at side. (4) Any guarantee with respect to embryo transplant production shall be a separate agreement between buyer and seller.

**OPTION AND PRIVILEGE OF RETURN OR ADJUSTMENT:** (1) All claims for adjustments or refunds must be made in writing either within six months of the date of the sale or no later than six months after the animal reaches 18 months of age, whichever occurs last. (2) In the event that an animal is claimed to be a non-breeder, that animal must be returned to the farm of the seller in good condition and must have met the health requirements of the original sell state. The seller shall be entitled to six months trial following the return of the animal in which to prove the animal is a breeder, the seller shall, at the option of the buyer, replace the animal with another of equal value or refund the total purchase price. The return of the purchase price shall in all cases be deemed as full settlement.

Any expense incurred in transporting the animal that is claimed to be a non-breeder shall be the responsibility of the purchaser except that the seller shall be responsible for transportation costs in the excess of the distance between the purchaser's farm and the location of the sale. If the seller proves the animal to be a breeder, it shall be the obligation of the purchaser to take delivery of the animal and pay all expenses incurred for transportation. (3) It is the obligation of the buyer and seller to negotiate any settlements on cattle that have not been properly presented at a sale. The selling of an animal constitutes a contract between buyer and sell and is not the responsibility or the right of the North American Limousin Foundation or of the sale management firm to settle disagreements between buyers and sellers of cattle that have not been properly presented.

The return of an animal at the expense of the purchaser with a refund of the purchase price made by the seller is in all cases considered to be a complete settlement. Other settlements which are negotiated between buyer and seller may be equitable to cover instances in which cattle are not as represented sale day, but that does not warrant complete return of the animal.

**BLOOD TYPING FOR PARENTAGE VERIFICATION:** All animals sold are guaranteed to be offspring of their recorded parents. Under the rules of NALF, all bulls born after January 1, 1991 that are to be used for artificial insemination or used naturally in a herd other than the owner of record must be parent verified by blood typing to both sire and dam. All females born after July 1, 1987 that are to be used for embryo transplant and all bulls born between July 1, 1987 and December 31, 1990 that are to be used for artificial insemination or used naturally in a herd other than the owner of record must be sire verified through blood samples available to purchasers upon written request by the purchasers so long as written request is received by sellers within 60 days after the date of the sale of the applicable animal. Proto test guaranteed normal if done within 60 days of sale date.

**INSURANCE:** Anyone wishing to insure their purchases may do so by contacting the sale manager or settling clerk.

**MAIL BIDS:** Mailed or telephoned bids will be handled in a most confidential manner if you are unable to attend the sale personally. By contacting a representative of the sale staff prior to sale day, you will enable us to assist you at ringside on sale day.

**EPDS USED IN THIS CATALOG ARE CURRENT AS OF FALL 2009.**
