Power-Flex 11U is a Homozygous Black, Homozygous Polled Lim-Flex bull tested by Igenity. He will add pounds and muscle to any cow herd. His dam is an outcross to most Angus genetics in the industry today. Power-Flex's sire KRVN PAKE has done a great job producing cattle that will fit the mainstream markets. 11U EPD's will be updated when NALF adds his dam to the herd book.

LOT 6 LEON New Standard 881U

50% Homo. Black (T) Homo. Polled (T)

Carcass		CW	REA	YG	MARB	\$MTI		
EPDs		11	-0.09	0.15	0.13	45		

This 2-year-old bull has calving ease and performance in the same package. Igenity tested both Homozygous Black and Homozygous Polled.

With higher feed costs Limousin's inherent feed efficiency will save you money. Many feeding trials have shown Limousin require less pounds of feed per pound of gain than other breeds.

Limousin Bulls will help you avoid costly discounts from yield grade 4's and 5's and will earn you premiums from 1's and 2's.

LOT 7 Beikmanns U Turn

Purebred Double Black Double Polled

EPDs	NA	NA	NA	NA	NA			

Low birthweight, moderate, double polled, double black young herd sire. Could very well be homozygous black as his sire is homozygous black and his maternal grand sire. He is out of a calving-ease superstar bull and an excellent mother (who also sells in the sale). Has a great disposition.

Have you Experienced What A Good Limousin Bull Can Do For You???

Limousin bulls are known for their active nature in checking and servicing cows in a short period of time. Many **Limousin bulls** notably take charge of their "harem" and can shorten the calving interval in your herd. **Limousin bulls** are aggressive breeders. **Limousin** cattle are well known for their superior feed efficiency when compared to other breeds. Less feed per pound of gain means more dollars in your pocket especially with today's high feed costs. A well muscled **Limousin bull** will positively affect the yield grade of your calf crop providing you with a higher percentage of yield grade 1's and 2's. **Limousin bulls** will also add to the ribeye area and consistency of your crop. **Limousin bulls and females** are known for their longevity. This means less cost to you for producing and maintaining your cowherd.

PTAL Unpaid Ransom 820U - Lot 12

PTAL Up The Ransom 822U - Lot 14

Unpaid Ransom is a powerful Wulf's Ransom son and is the most impressive red bull we have ever offered. With his 720# adj. weaning and 1323# adj. yearling weight, combined with a 41.1 cm adj. yearling scrotal. Then add that to an 10 EPD for calving ease and only a 0.6 birthweight EPD. We believe he is about as good as it gets. Ultrasound Info UREA 14.6, UFAT 0.21, UIMF 2.25.

This yearling bull promises to live up to his pedigree. His dam, LFRO Licorice 384L, produces calves with moderate birthweights, performance, and style. His granddam was a showing favorite. His sire, Wulf's Nobel Prize, produces predictable calves with performance and moderate frames. This cross has worked well, and Warlock is no exception.

FEED EFFICIENCY: Limousin excel their Continental counterparts in the feedlot and in the pasture in pounds of feed per pound of gain!!!
YIELD: Limousin produce the same quality of retail product at 100-130 lbs. less live weight than many other breeds!!!
FLEXIBILITY: Limousin and Limousin cross calves fit a number of markets, both cash trade and niche markets, plus allow you to feed and market them across a broader marketing window.

Nanette has been a consistent producer in our herd. We have marketed several breeding heifers out of this female. She is a moderate framed, highly efficient cow. Her EPDs have remained balanced, and she is in the prime. She sells bred to ROLC Rough and Ready 457R, (NPM-1827185), a homo black and homo polled son of COLE Magnum 15M, for a spring calf.

LIMOUSIN FEMALES are maternal giants when compared to other beef breeds in terms of pounds of calf produced per female exposed. Limousin females ranked second in both high energy and extreme low energy situations.

CATTLE SELL UNDER TERMS & CONDITIONS OF THE NORTH AMERICAN LIMOUSIN FOUNDATION

The information on bulls in this catalog: All Birth Weights are Adjusted, All Weaning Weights are Adjusted to 205 Days and Yearling Weights and Scrotal Measurements are Adjusted to 365 Days of Age. Bulls which were too young for Yearling Adjusted at catalog printing will be announced sale day. Listing EPDs for CW, REA, YG, MARB if available. All bulls have passed a breeding soundness exam. All EPD's are for Spring 2010.

All persons who attend the sale do so at their own risk. Neither KLBA or the consignors assume any liability, legal or otherwise, for accidents that may occur.

LIMOUSIN ADVANTAGE!!!!

Never has there been a better opportunity for you to add **Limousin** genetics to your herd!!!!

+**\$Limousin** cattle are the industry leader for feed efficiency. With today's higher feed costs **Limousin** are the obvious choice to make you more money.

+**\$Limousin** cattle will improve your yield grade and dressing percent. **Limousin** cattle are well known for their ability to efficiently produce high yielding well-muscled carcasses.

+**\$Limousin** cross females will impress you with the big stout calves they bring in at weaning time.

Limousin females are consistent and efficient producers. With their advantage in longevity, they will also save you money in replacement costs. If you've never used commercial **Limousin** females, you don't know what you're missing!!!!

Limousin Commerical Marketing Program

The North American Limousin Foundation offers you alternatives when marketing your Limousin influenced cattle. Limousin cross calves possess muscle, leanness, feed efficiency, moderate size & performance. To capitalize on these traits, the CMP was developed to assist producers & give them the marketing advantages.

- Limousin Special Feeder Calf Sales
- Satellite Video Auctions
- Alliances / Specialty Markets
- Retained Ownership / Partners in Profit
- Feeder Calf Placement
- Feeding Tests
- LimMark Tag Program

For more information on these marketing programs call NALF (300) 220-1693.
