

## Welcome to Englewood Farms second annual Open House and Bull Sale

Below is an explanation of how the sale works

- 1) Please obtain a buyer number
- 2) All bulls have a listed minimum bid and will NOT trade for less
- 3) Buyer may bid by placing their buyer number on the bull(s) on the sheet inside the tent
- 4) The first bidder on each bull must cover the minimum bid
- 5) All further bids must increase in increments of \$100.00
- 6) Silent bids will be open all day Friday and until 2:00pm Saturday
- 7) At 2:00pm Saturday we will gather all bidders. We will go through all the bulls in sale order and have a speedy auction. We recognize the highest silent bid per bull and give the crowd a chance to bid on the bull. If there are no further bids from the crowd the high silent bid owns the bull.
- 8) Cattle sell under the standard terms and conditions of the North American Limousin Foundation.
- 9) All bulls over one year of age have passed a breeding soundness exam.
- 10) All bulls under one year of age are guaranteed to pass BSE by 15 months of age at buyers' responsibility and cost.
- 11) All bulls were properly vaccinated and dewormed within 30 days of the sale.
- 12) Bulls are guaranteed 100% to be breeders.
- 13) Terms of sale are cash or check.
- 14) No cattle will be transferred until settlement has been made.
- 15) No cattle will be loaded until sale is completed.

Thank You for taking time to view our bulls and our program. We look forward to maintaining a long relationship with each of you. We stand behind our product 100% and look forward to assisting you in any way we can. We hope to see you back here on November 15, 2010 for our "Values and Vision II" female production sale.

All bulls over 1 year of age on day of sale have passed a breeding soundness exam. Bulls under 1 year of age are guaranteed to pass by 15 mnths of age.

All bulls are sold guaranteed to be sound for breeding.

Sight unseen purchases carry a 100% satisfaction guarantee. Don't hesitate to call in an order if you can't be here.

Complete Igenity profiles are available on most bulls by request.

All vaccinations and deworming were preformed within the last 30 days.

Bulls were grown and maintained on a high roughage diet and are in great breeding shape.
